

Way Back Home (Club Version Feat. Duane Harden)

Bag Raiders

Rain pours down over a city
Night has fallen like a stone
Are you gone or are you with me?
 In my heart I'll never know
 If I close my eyes I'll see you
 Hear your footsteps in the rain
 In my dream I'll never find you
but I'll hear you call my nameAs I tread through crowds of people
 Trying to keep from looking back
 Got your sense on something passing
And it sends me off my trackDo I find you will I follow
 To forever and a day
 I can feel you in the distance
But you seem so far awayWhat if I just can't find my way back home (ooh)
 What about all the things I just don't don't know (ooh)
 What if I just can't find my way back home (ooh)
 Would you be there to show me where to go (ooh)
