Sister Heroine (featuring Slash)

Beth Hart

It's gonna be a dark, cold December
With shaking lilys in the yard
Your sweet face I will remember
And how I'm gonna miss this stubborn heartSo forgive me for my weakness
I guess my faith is a little stoned
Angels cried on a friday
The day that God walked you homeGoodbye sister Heroine
I'll remeber everything
I love you
I love you
I love you
Goodbye
White trash - beautyqueen
Your crooked heart
and your beat up dreams
I love you
I love you
I love youIt hurts to laugh here without you
A piece inside of us is gone
And mama tries to smile too
Aint never seen that woman try so hardNo more working Alvarado
No more liars, tramp or cheers
Skin and bone don't cast no shadow
on an empty bed in motel six
Goodbye sister Heroine
I'll remeber everything
I love you
I love you
I love youGoodbye
White trash - beautyqueen
Your crooked heart
and your beat up dreams
I love you
I love you
I love youWe all threw roses at your feet
While you burned our crosses in the streets
So if you're looking down on me
I love you
I love youGoodbye sister Heroine

I'll remeber everything
I miss you
I miss you
I miss youGoodbye sister Heroine
To the hell we were living in
I love you
I love you
I love youGoodbye
White trash - superstar
Shining on wherever you are
I love you
I love you
I love youI love you
I love you
