Here's Everything I've Always Meant To Say

JamisonParker

Just be in love and Ill kiss you like youve always wanted
Just close your eyes, Ill still live as if Im dyingIf I dont make your heart skip a beat then hate me
If I dont make you feel anything then its meI just want you to feel beautiful
For once in your life
I just want you to feel beautiful
For once in your lifeJust close your eyes and Ill kiss you like theres no tomorrowIf I dont make your heart skip a beat then hate me
If I dont make you feel anything then its meI just want you to feel beautiful
For once in your life
I just want you to feel beautiful
For once in your lifeSo sleep now, so deep in static
Drifting in the shadows
Hold me close to the fourwall headlights
And TV screensI just want you to feel beautiful
For once in your life
