Texas Woman Blues

Taj Mahal

Far below the northern lights
Far below the northern lights
Far below the northern lightsOh, I wish I was in Texas
Movin' on a steady roll
I wish I was in Texas
Movin' on a steady roll
You know I love that fine lookin'
Texas woman to satisfy my soulYou know my baby is sweet as honey
Sweet from the honey bee
You know my baby is sweet as honey
Sweet from the honey bee
Ain't nothin' else to sing of in my life
Ooh, she'd be so nice to meLord, it ain't no use to worry
Ain't no use to mourn
Lord, ain't no use to worry
Ain't no use to mourn
You know the way I love that woman
I just can't stand to leave aloneJives on this songGot love for ten women
But the one woman on my mind
She don't treat me like no stranger
She treat me nice and kindShe don't worry about the neighbors
'Cause they might not like what they see
She could care less about what they sayin'
She's a woman and she's absolutely freeI wish I was down there in Texas
Swingin' on a steady roll
I'd love that San Antonio woman
To satisfy my soulI'd love that San Antonio woman
To satisfy my soul
[Incomprehensible]
I'd love that fine, fine Texas woman
To satisfy my soul
