Carousel

Failure Anthem

It's just around and around we go,
Until it stops, nobody knows.
We're breaking hearts, we're breaking homes.
It's just around and around we go.

I'm on a carousel spinning,
It's clouding my vision,
Someone let me off, (let me off).
I'm on a carousel spinning,
But nobody is winning,
Will you let me off?
Let me off this ride.
(Ooh, this ride).

I think we knew what we had to do,
I've never stopped, that was only you.
If you had said that's too much to fake,
You should have known, I would've stayed.
It's just around and around we go.
It's just around and around we go.

I'm on a carousel spinning,
It's clouding my vision,
Someone let me off, (let me off).
I'm on a carousel spinning,
But nobody is winning,
Will you let me off?
Let me off this ride.
(Ooh, this ride).

If I could stop, you know I would,
But It's too late and I'm holding on.
If I could stop, I wouldn't mind,
but I guess I'll sleep on this ride tonight.

Sleep sleep, go ahead and sleep sleep.
Go ahead and sleep.

I'm on a carousel spinning,
It's clouding my vision,

Someone let me off, (let me off).
I'm on a carousel spinning,
I can't stop screaming,
Will you let me off?
Let me off this ride.

sleep sleep, go ahead and sleep sleep.
Go ahead and sleep.

Sleep Sleep, go ahead and sleep sleep.
Go ahead and sleep.
