

# Rainy Day

## The Petards

On bended knee  
I've looked through every window then  
Touched the bottom  
The night, a sleepless day instead  
A day when love came  
Came easy like what's lost now found  
Beneath a blinding  
A blinding light that would surround  
We were, we were, we were, we were without  
In doubt  
We were, we were, we were, we were about  
Saving for a rainy day  
I crashed through mirrors  
I crashed through floors of laughter then  
In a blind scene  
No ties would moor us to this room  
A day when love came  
Came easy like what's lost now found  
And you would save me  
And I held you like you were my child  
We were, we were, we were, we were without  
In doubt  
We were, we were, we were, we were about  
Saving for a rainy day  
Oh, if I were you, defiant you  
Alone upon a troubled way  
Oh, I would send my heart to you  
To save it for a rainy day  
We were, we were, we were, we were without  
In doubt  
We were, we were, we were, we were about  
Saving for a rainy day  
Oh, if I were you, defiant you  
Alone upon a troubled way  
Oh, I would send my heart to you  
To save it for a rainy day
