Broken Bones

Aqualung

Picking up broken words
Snipping the tips off
Grinding down the long ones
That wind around your eardrumsDangerous plastic words
For crowd dispersal
And dumb dumb words
That could blow your head offThis is a story 'bout the three of us
Down by the water and the tide is rising
This world is burning and I'm terrified
I need a little more time with you
Oh, I just need a little more time with youOne fine day you'll sing
Your inevitable love song
Inevitable lie song
Inevitable cry songTime bends broken bones
Time bends broken bones
'Til they wrap around your throat
And snap around your fingersThis is a story 'bout the three of us
Down by the water and the tide is rising
This world is burning and I'm terrified
I need a little more time with youDown by the water and the tide is rising
This world is burning and I'm terrified
I need a little more time with you
Oh, I just need a little more time with you
Oh, please just need a little more time with you
