Broken Bones

Aqualung

Picking up broken words Snipping the tips off Grinding down the long ones That wind around your eardrumsDangerous plastic words For crowd dispersal And dumb dumb words That could blow your head offThis is a story 'bout the three of us Down by the water and the tide is rising This world is burning and I'm terrified I need a little more time with you Oh, I just need a little more time with youOne fine day you'll sing Your inevitable love song Inevitable lie song Inevitable cry songTime bends broken bones Time bends broken bones 'Til they wrap around your throat And snap around your fingersThis is a story 'bout the three of us Down by the water and the tide is rising This world is burning and I'm terrified I need a little more time with youDown by the water and the tide is rising This world is burning and I'm terrified I need a little more time with you Oh, I just need a little more time with you
