

# Evil's My Friend

## Rancid

Crime epidemic  
Never going down  
Unsympathetic  
Put you in the ground  
System systematic  
Survival in the town  
It will if you let it  
Gonna drag you down

Evil's my friend  
Evil's my friend again  
Evil's my friend  
Evil's my friend again

If you wanna go and get 'em  
You better stand and fight  
Well you're never gonna let 'em  
Take away your right  
If the bad ones ?  
Ride into the night  
Then the good ones will become  
Ready to ignite

Evil's my friend  
Evil's my friend again  
Evil's my friend  
Evil's my friend again

Evil's my friend  
Evil's my friend again  
Evil's my friend  
Evil's my friend again

Evil's my friend  
Evil's my friend again  
Evil's my friend  
Evil's my friend again
