## The Ocean Blue

Wake up all your dreams  
Show them to the door  
They're not wanted any more  
They're not needed any more

I don't think you know  
I don't think you care  
I don't think you want to  
and you don't

Tear up all the lies  
The oft repeated lines  
That you've murmured while asleep  
That you've babbled while awake

I don't think you know  
I don't think you care  
I don't think you want to  
and you don't  
you don't
