

# It's Mine

## Fred Hammond

It's mine, it's mine  
I don't think you hear me  
Join and speak up  
In total victory  
It's mine

Can I get a witness?  
Somebody think about it as good as guarantee  
Bless you one time  
Lord said only one time  
And I will say it over, over, and over, and

His loving fever  
I don't know if you fell that thing yet  
But come one, wouldn't say it again with me

Joy that come from knowing  
His love over me is flowing  
Everybody you need to know  
That you can rest in him  
There He is  
Merciful to the grace beyond belief  
He just keeps on pouring his everlasting love  
Do you feel me?  
This thing is overflowing my family  
It's mine, it's mine  
As I bless him  
For the things that he's prepared for me
