

The Struggle

Open Hand

You want it, you want it
You need it, you need it
You need it, you want it
You learn You want it, you want it
You need it, you need it
You need it, you want it
You learn Said you want it all, so what now?
Said you want it all, I don't know
Said you want it all
I don't know this time I'm coming on down
Falling again
I'm waiting for you to follow
Ending it there I'm waiting, I'm waiting
So don't keep me waiting again
So don't keep me waiting again
So don't keep me waiting again Said you want it all, so what now?
Said you want it all, I don't know
Said you want it all
I don't know this time Nothing in my way
There's nothing in my way
I'll drive this pain from everything
I'll drive this pain from everything
I'll drive this pain from everything
(Nothing, nothing, nothing) Don't know when I'll get a chance to run
Run again, I wanna run again
Looking for the best way, the right way
To fly again, I wanna fly again
