Timeless

Joey Lawrence

You've been in love before
But it always broke your heart
You know those paper rings, girl
Always fall apartThey say that nothing lasts too long
But I know something that's gonna stay forever strongOur love is timeless like a summer day
Forever soulful like Marvin Gaye
Baby, timeless as a melody
I love you, baby, timelessly, ooh baby, ohWatching the world go by
Changing everyday
They tear down a thing of beauty
To build some new highwayWhat's here today may disappear
But baby, our love surely will survive the yearsBecause it's timeless like a summer day
And everlasting as a Shakespeare play
Baby, timeless as a melody
But I love you baby, timelessly, oh babyWhere there is love
There is endless hope and boundless dreams
When you got love
There's no limits to be seen
Girl, you know what I meanIt wouldn't feel like thisThey say that nothing lasts too long
But I know something that's gonna stay forever strongOur love is timeless like a summer day
Forever soulful like Marvin Gaye
Baby, timeless as a melody
I love you, baby, timelesslyTimeless like a summer day
Forever soulful as a Shakespeare play
Baby, timeless as a melody
I love you, baby, timelessly, ohIt wouldn't feel like this
