

# What I Need

## Crystal Waters

I said I'm tired and lost  
I said I'm sick and tired  
I'm tired of feeling the same Well, I've been searching  
Been looking so long  
Forgot what the hell  
What I was looking for Uptight, nothing right  
Can't sleep, can't eat  
All night in bed I cry  
Need somebody by my side I feel my heart and soul  
I feel the beat  
I wish someone would give me  
What say? What say? What I need, I need  
What I need, I need  
I need something to come over me  
Lift me up and set me free Someone who can give me  
What I need, I need  
What I need, yeah I said I'm lonely  
And I don't believe  
I've been waiting long  
For someone to believe in But I been talking  
Been talking so long  
I forgot what the hell  
What I was talking 'bout I'm uptight, nothing right  
Can't eat, can't sleep  
All night in bed I cry  
Need somebody by my side I feel my heart and soul  
I feel the beat  
I wish someone would give me  
What I say, what I say  
What I need, I need  
What I need, I need I need something to come over me  
Lift me up and set me free  
Someone who will give  
What I need, I need  
What I need, I need I need something to come over me  
Lift me up and set me free  
Someone who will give  
What I need, I need  
What I need, I need I said I'm uptight, nothing right

Can't eat, can't sleep  
All night in bed, I cry  
Need somebody by my side I feel my heart and soul  
I feel the beat  
I wish someone would give me  
What I say, what I say I said I'm uptight, nothing right  
Can't eat, can't sleep  
All night in bed, I cry  
Need somebody by my side I feel my heart and soul  
I feel the beat  
I wish someone would give me  
What I say, what I say I said I'm uptight, nothing right  
Can't eat, can't sleep  
All night in bed, I cry  
Need somebody by my side I give my heart and soul  
I give 'em me  
I wish someone would give me  
What I say, what I say What I need, what I need, I need  
I need something to come over me  
Lift me up and set me free  
Someone who will give  
What I need, I need  
What I need, yeah I need, what I need  
I need, I need  
What I need, I need  
I need, I need  
What I need, I need I need, I need  
What I need, I need  
I need, I need  
What I need, I need
