

# I Love You

## Barenaked Ladies

I love you and you love me  
I love you, so let's make a family tree  
I love you and you love me  
I love you, so let's make a family tree Well I like soup, and I like ice cream sandwiches too  
I like fish sticks, but I love you  
Well you don't believe me, you say all I think about's myself  
But let me explain, don't walk away I love me, you love you  
I love me, so what are we to do? How would you know that I loved you so?  
I don't say too much  
Why are you blue whenever I'm in town?  
I guess life was fine till I came 'round You've given me a start, I ain't no doctor  
But just take a look at the chart for my heart  
Like a dart from the start I'm coming down with something good  
It ain't no fever or flu, doctor said  
It happens to be someone with brown hair and blue eyes  
I'm lovesick for you I realize I's loves you and youse loves me  
I's loves you, so let's make a family tree How did you know that I loved you so?  
I don't say too much  
Why are you blue whenever I'm in town?  
I guess life was fine till I came 'round I love you and you love me  
I love you, so let's make a family tree  
I love you and you love me  
I love you, so let's make a family tree  
I love you and you love me  
I love you, so let's make a family tree
