Not Alright

American Heartbreak

The cuts are very deep and
And all they do is bleed
I wish I could release some
The hurt you've given me
I can't let go and all I know is thatI hope you're not alright
I hope you're not okay
And when you sleep at night
Dream of only meI know I need to forgive
And hopefully forget
To leave the past behind is
Probably for the best
But I can't let go and all I know is thatI hope you're not alright
I hope you're not okay
And when you sleep at night
Dream of only meI hope you're not alright
I hope you're not alrightI should only want
The best for you
A happy life
The skies are blueI hope you're not alright
I hope you're not okay
And when you sleep at night
Dream of only painI hope you're not alright
I hope you're not alright
I hope you're not alright
I hope you're not alright
