

Made Of (Gabry Venus Remix)

Viola Martinsson

You can try but never stop me
This is what I'm made of
I'll never ever let go
This is what I'm made of
No one can control me
Cause this is what I'm made of
You can hit but never break me
This is what I'm made of
You can try but never stop me
Cause this is what I'm made of
I'll never ever let go
Cause this is what I'm made of
No one can control me
Cause this is what I'm made of
You can hit but never break me
Cause this is what I'm made of
You can try but never stop me
Cause this is what I'm made of
I'll never ever let go
Cause this is what I'm made of
No one can control me
Cause this is what I'm made of
You can hit but never break me
Cause this is what I'm made of
No one can control me
You can hit but never break me
Cause this is what I'm made of
