

# Esoteric Surgery

## GOJIRA

You have the power to heal yourself All illness can be healed, the cell regenerates

Disambiguated situation

There is a secret code, the structure of the mind

You have the power to heal yourself Flesh bodies mute and blinded roaming uncertain, lost

Infected misinformed

Releasing a black enormous insect out from the chest

Archaic from disease Esoteric surgery, dissection of the soul

Unsuspected precise power

On the wounded astral body

Projected beam of light All illness can be healed, the cell regenerates

Disambiguated situation

There is a secret code, the structure of the mind

You have the power to heal yourself Suspended, floating in empty spaces

Descending swift like a fire running down

Obstruction, disintegration, life force

Overcoming all circumstances, release the pain
