Come With Me

Brian McComas

You say you want a lover with a sense of danger
Come with me
I got some Willie Nelson in my Cd changer
Come with me
If you think I'm tryin' to steal your heart
Baby,give it some time
It could be that we might find out
It's you who's stealin' mine
Come with me let's hang out
Let's shout from some rooftops
And run through some raindrops
And make love and don't stop
Who knows where we'll end up
Who cares just come with me
You say you want somebody just as wild to run with
Come with me
Someone that you know you're gonna feel one with
Come with me
Girl,you know I'm taken by your confidence
It's a beautiful sight
When I see what I want,I got right after it
And that's what I'm seeing tonight
Come with me lets hang out
Let's shout from some rooftops
And run through some raindrops
And make love and don't stop
Who knows where we'll end up
Who cares just come with me
Baby,come with me
Oh baby,come with me let's hang out
Let's shout from some rooftops
And run through some raindrops
We'll make love and won't stop
Who knows where we'll end up
And who care just come with me
Come on,baby
Oh baby,come with me
Come with me,oh yeah
Oh baby come with me

Come with me,come with me
