

Burn the Bridge

Grinder Blues

Burn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge

Yeah!

I'm going to runaway
And not look back, yeah
I've had all I can take, yeah
And that's where I'm at

Gonna burn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge

I've been running, and running, and running it
Through my head, yeah
It's time to break away
Or I'll be dead, yeah

Listen!

You got to turn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge

Yeah!

Burn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge

Yeah!

It's killing me
That much I know

I know it's wrong for me
And I still linger on
And I fool myself
That it won't be long
The rock in the jail
That pull, pulls me down

And I free myself
To higher ground
I free my soul
To higher ground
I free my soul
To higher ground
I free my soul
To higher ground
I free myself
To higher ground

Burn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge
So there's no way back
Burn the bridge
