Man, rap today fucking sucks bad, I don't give a fuck what anybody says. These fools ain't spitting no type of dope shit, but that's not even the bad part; they're not even saying words anymore. They just got a hard-ass fucking beat to trick dumb asses like you to make you think you like the shit. Play that fuckin' beat. We got some real fucking mentally retarded rappers in the game. I know for a fact nobody knows what the fuck these dudes be saying! Wait, turn my reverb and my auto-tune on real quick. This what the fuck they be doing:Hopsin proceeds to parody how many popular hip-hop artists music sound. While the track is gibberish and generic sounding, it's not far off some club songsYeah, haha, yeah shout out to my brothers, turn it up!I put it on rollie,
