

# I Don't Know Where I'm Bound

[Johnny Cash](#)

I don't know where I'm bound  
I don't know where I'm bound  
Whistles calling me away, leaving at the break of day  
And I don't know where I'm bound Can't stand bars, locks, or doors  
Mean cops, insanity, and wars  
Gotta find a place of peace 'til then, my traveling won't cease  
But I don't know where I'm bound There's gotta be a place for me  
Under some green growing tree  
Clear cool water running by an unfettered view of the sky  
But I don't know where I'm bound When I die, don't bury me  
'Cause then I must be free  
Cremate my body with a grin, throw my ashes to the wind  
'Cause I don't know where I'm bound I don't know where I'm bound  
I don't know where I'm bound  
Whistles calling me away, leaving at the break of day  
And I don't know where I'm bound Got myself a little gal  
She has been a downright pal  
That old highway's calling me and free I gotta be  
But I don't know where I'm bound  
I don't know where I'm bound  
I don't know where I'm bound
