

Freak Out

Gang of Thieves

Get on (6X)

I know how you are
Donâ€™t know who you are
Just buy a guitar

I just wanna freak out
You donâ€™t need a message coming out to get down
I just wanna freak out
Come and enter through the center of a new sound

Come in (3X)

Come into a different exceptional place
You donâ€™t have to fight
Ya Just need a light
Come on baby take a bite

I just wanna freak out
You donâ€™t need a message coming out to get down
I just wanna freak out
Come and enter through the center of a new sound
I just wanna freak out
You donâ€™t need a message coming out to get down
I just wanna freak out
Come and enter through the center of a new sound
