135n8 (Wolves Unite Remix)

Lucas Grabeel

When I walked in, my eyes went for you,
At the bar drinking I was thinking of you.
I went to the floor and I danced for you,
On the 135n8.I kept it cool, I watched you get closer to me,
I was a fool I know you gotta take it take it slowly.
You parted the crowd with electricity,
One the 135n8This beat is taking over me,
And making me want you.
I want to move with you baby,
And I want you,
On the 135n8
On the 135n8
On the 135n8
On the 135I stepped in and you let me do,
Didn't say a word just walked to me.
Eyes were staring in the
On the 135n8When the beat dropped and the lights went down
Collecting energy from the waiting crowd
You held me closer and my heart started to pound
On the 135n8This beat is taking over me,
And making me want you.
I want to move with you baby,
And I want you,
On the 135n8
On the 135n8
On the 135n8
On the 135135n8Come on
On the 135
On the 135n8
On the 135n8
On the 135n8
On the 135
