Watch Your Step

Juvelen

I don't understand your thinking
Don't know why, you do the things you do
Break my heart, and disregard my feelings
Breaking hearts, some kind of game to youI tell you, you better watch your step
You'll fall and hurt yourself one day
baby listen, you better watch step
You'll fall and hurt yourself one dayIt's so easy, to tease me
It's so easy, to let me down
It's so easy, to mislead me
It's so easy, to leave me hangin around
no where to come down.Maybe we should just forget this
Maybe, just put me out of your mind
I won't stay, not while you mistreat me
I won't stay, It's just a waist of my timeI'm tellin you, you better watch your step
You'll fall and hurt yourself one day
baby listen, you better watch step
You'll fall and hurt yourself one day
