

I Wish

Robyn

Do you know what I think about all these nights when
I can't sleep, sleep at all?
Oh slowly I close my eyes
My thoughts they fly away to you no matter what I do
And I wish, I could turn back time
Back to the time when you were mine I wish
I wish the day, the day you went away never had happened baby
I wish the stars, the stars in the Heaven would come down to me
So I could give them to you
And tell me then would you be lovin' me like I wish And it's so hard when you love someone this much
But you just don't know how, how to love him the right way
If you could see, what you've done to me
What you've done to my heart? What you've done to my soul baby?
All of my mind and all of my body then you should know
Why I can't let go and baby I wish the day, the day you went away never had happened baby
I wish the stars, the stars in Heaven would come down to me
So I could give them to you
And tell me then would you be lovin' me like I wish
