

Condemned

Dead By Sunrise

Happiness for misery I want it
Cut me up and leave me for dead
Sacrifice a civic life no return
Kiss the wife and kids goodbye for good

Come on beat me
I'm not a man
Don't want to kill me
Condemned

Use me as a cure for cold I'm burning
Love me like a suicide come in
Treat me like an animal I like it
Put me on my leash again as your pet
Suck the soul right out of me don't need it
Happiness for misery dig in

Come on beat me
I'm not a man
Don't want to kill me
Condemned

Condemned
Condemned

Happiness for misery I want it
Cut me up and leave me for dead
Sacrifice a civic life no return
Kiss the wife and kids goodbye for good

Come on beat me
I'm not a man
Don't want to kill me
