

I Wouldn't Know

Reba McEntire

Everyone I see these days still asks me about you
I guess they got so used to us together they assume
That everything's ok and then I have to say I wouldn't know I haven't seen him
I couldn't say it's been awhile
I haven't thought about him lately
So I wouldn't know
I'm getting tired of people askin'
Why can't they just leave me alone
Cause I couldn't care, I couldn't say, I wouldn't know I don't get out anymore to our old stompin' grounds
Cause some old friend is bound to ask me why you're not around
Well I just stay away, so I don't have to say I wouldn't know I haven't seen him
I couldn't say it's been awhile
I haven't thought about him lately
So I wouldn't know
I'm getting tired of people askin'
Why can't they just leave me alone
Cause I couldn't care, I couldn't say, I wouldn't know
