

# Empty Promises

[Michael Burks](#)

Thought I found the right women  
To ease my worried mind  
Thought you would be there for me (babe)  
Til the end of time Thought I had a chance to start all over  
You said you'd be there every step of the way  
But all I ever get  
All I ever get is Empty Promises baby  
Empty Promises...  
Well, as time went on we stayed together  
I knew you would never change  
You said you wouldn't break my heart like the others  
We were making some ways Thought I had a chance to start all over  
You said you'd be there every step of the way  
But all I ever get  
All I ever get is Empty Promises  
Empty Promises Baby  
(Guitar Solo in Dm)  
(Licks and Fills continue throughout) Empty promises .  
Empty promises, yeah .yeah  
All I got from you  
Is empty promises yeah  
Say I need you ...said I love you babe ...  
Gotta have you  
Lord I found you Babe  
Empty promises baby  
Empty promises .  
(Guitar Solo)  
Empty Promises .  
Empty Promises .  
Empty Promises .Empty Promises
