

Stain

Spineshank

Fall in denial of
I break I give into myself
Control, I break

I cannot be saved again
Before you take all that was to be mine
Give in because everything you taught will becomeBurned, in my mind

Burned, redefined

Burned, sterilized

Burned, why?Stain all the undeserved

Deny my insight has become

Control I break

Suffocate inside me

Before you take all that was to be mine

Break it down cause everything you taught will becomeBurned, in my mind

Burned, redefined

Burned, sterilized

Burned, why?
