

The Lies In Your Eyes (Live 1976)

The Sweet

Ain't nobody gonna take my place
Whips and chains don't leave no trace
Solid gold brass got a plastic faceBreak me up every time you try
To cool me off with a wink in your eye
And I don't eat from a pie in the sky no moreI can see you ain't foolin' me, I ain't blind
The lies in your eyes don't disguise
The tears that you cry, I'm not blind
The lies in your eyes don't disguise
The lies in your eyes don't disguise
But the lies in your eyesYou've got a big fat mouth, watch what you say
'Cause sooner later you're gonna pay
Gone tomorrow here todayThere ain't nobody gonna take my place
Sticks and stones don't leave no trace
I don't need your second faceI can see you ain't foolin' me I ain't blind
The lies in your eyes don't disguise
The tears that you cry, I'm not blind
The lies in your eyes don't disguise
The lies in your eyes don't disguise
But the lies in your eyesI can see
I can see
I can seeDon't you know I can see you ain't foolin' me, I ain't blind
The lies in your eyes don't disguise
The tears that you cry, I'm not blind
The lies in your eyes don't disguise
The lies in your eyes don't disguise
But the lies in your eyes
