Will You Ever Love Me Again?

Sloan

I think I'm happy now but I don't want to jinx it
We're so good together, everybody thinks it
I wish I could've left your baggage unattended
Because for you, I think that's where our story endedDon't go
I won't care
It just looks that way
Without you I will be okay
I don't know
You don't care
Will you ever love me again
Ever love me again
I hope so
It's not fairThere's this shelf full up with books that I've been skimming
And these unruly bangs just begging for a trimming
I need your handiwork; that's not unlike the devil's
And everything's so simple on so many levelsYou don't know
You don't know
You don't careWill you love me please, I've had it with your sympathies
I don't know
You don't care
Will you ever love me again
Ever love me again
You don't know
[Ever love me again]Gonna have to spend this quarter on a person who cares
Or maybe try to catch a glimpse of the woman downstairs
You don't know
You don't careWill you ever love me again
Ever love me again
[I don't know]
Ever love me again
[Don't care]
Ever love me again
[I don't know]
Ever love me again
[Don't care]
Ever love me again
[I don't know]
Ever love me again
[Don't care]
