

Show Me the Way

Destiny's Child

I wanna know, if i could get to know you
So many things, baby I can't wait to show you
I don't know, if you feel the same as I do
Give me a sign babe, show me what to do Can I be all you need (can I be all you need)
Can I be your everything (your everything)
Baby the time is now (the time is now)
If you just show me how (baby show me how) Show me the way to love you
Every night and everyday I'm thinking of you
All I need is just a chance to love you (baby)
Show me the way baby, show me the way, the way What would it take for us to get together
I wanna know would you stick with me forever
Give me the chance I know I could make you love me
Just say the word baby let me make you see Can I be all you need (can I be all you need)
Can I be your everything (can I be your everything)
Baby the time is now (the time is now)
If you just show me how (if you just show me how) Show me the way to love you (baby baby)
Every night and everyday I'm thinking of you
All I need is just a chance to love you (to love)
Show me the way baby, show me the way Show me the way to love you (I wanna love you)
Every night and everyday I'm thinking of you (I'm thinking of you baby)
All I need is just a chance to love you
Show me the way baby, show me the way (show me the way) Show me the way (show me the way)
What would it take for me to love you? (What would it take for me to love you?)
Every night everyday (every night and everyday)
I want you to know, I'm thinking of you
I'm thinking of you
