I've Told You Now

Sam Smith

You know what I mean
It's like walking in the heat all day with no water
It's like waiting for a friend
Watching everybody else meet theirs on that corner
Or losing in an argument
Although you're right can't get your thoughts in orderStill I refrain
From talking at you, talking on
You know me well
I don't explainBut what the hell
Why do you think I come 'round here on my free will?
Wasting all my precious time
Oh, the truth spills out
And oh I
I've told you nowYou know what I mean
Although I try my best I still let down the team
You're everything I want
Why should I resist when you are there for me?Still I refrain
From talking at you, talking on
You know me well
I don't explainBut what the hell
Why do you think I come 'round here on my free will?
Wasting all my precious time
Oh the truth spills out
And oh I
I've told you nowI've told you now
And I've told you now!
And I've told you now!Still I refrain
From talking at you, talking on
You know me well
I don't explainSo what the hell
Why do you think I come 'round here on my free will?
Wasting all my precious time
What the hell
Why do you think I come 'round here on my free will?
Wasting all my precious timeOh, the truth spills out
And oh I
I've told you now
