

# Melody (feat. Luke Pritchard)

## Kungs

Rumors rolling around my brain

I don't know what to believe

But honestly nothing could hold me back

Wanna be part of your scene

You are the best that I ever had

You make me walk in a dream

Silk summer undo your hair

You make me walk in a dream Your melody, melody, melody sings to me

Your melody, melody dream

A melody, melody, melody sings to me

A melody, melody dream

Melody, melody, melody sings to me

Your melody, melody dream

A melody, melody, melody sings to me

A melody, melody dream A silk sun, silk sun, silk sun

Melody dream Rumors walking around my brain

But you make me believe

I see the danger that's in your eyes

You live life to be free

But I don't know how to contain you

You make me walk in a dream

Under the silk of the moon of you

You make me walk in a dream Your melody, melody, melody sings to me

Your melody, melody dream

A melody, melody, melody sings to me

A melody, melody dream

Melody, melody, melody sings to me

Your melody, melody dream

A melody, melody, melody sings to me

A melody, melody dream Melody, melody, melody sings to me

Your melody, melody dream

A melody, melody, melody sings to me

A melody, melody dream
