

If You Don't Love Me

[Kylie Minogue](#)

You can tell me anything
You can tell me anything
I believe you
You know it too
Share the truth with lies
Set aside one flies
Will you realize If you don't love me
You don't love me
I will know
If you don't love me
You don't love me You can ask me anything
You can ask me anything
I will do it You know it too
Nothing that I'll do
If you want me to
But it's all so true
