I get up (i get up)

I get up (i get up)

I get up (i get up)

So down

(I get up)

Even when I'm feelin down (i get up)

So down

Theres no need to get down on ureself

Theres no need for me to scream and yell

So why you always gotta be that dude

you simply look like a fool put ure foot in ure mouth

puttin other people down, that dont make you kool

i keep my feet on the ground

uplift one another thats whut we're talkin about

i say up cause theres no holdin me down

I keep my friends all around

I get up (i get up)

I get up (i get up)

I get up (i get up)

Even when I'm feelin down

So down

(so down)

So down

(so down) x2

u get beat up.. spit on..

still we keep movin on

Misunderstood pourin it aint done row

Yeaahhh..we been hating

been raining stuck to a gun

somehow we made it

They just cant silence this song
I get up (i get up)
I get up (i get up)
I get up (i get up)
Even when I'm feelin down
So down
(so down)
(so down) x2
So down
sometimes I struggle..
when feeling down and out
all the time i stand by myself
It so hard to realize
tryin to fool myself out
The only thing that you see
when ure cought up in a mix
is television wheres my spliffs..I get up
I get up (i get up)
I get up (i get up)
I get up (i get up)
Even when I'm feelin down
So down
(so down)
