

# The Svlphvry Void

## Rave The Requiem

The succession of self-destruction  
I'm vexed  
A bloodline of bad thoughts locked up for too long  
Psychological incest

Fake a smile  
To the verge of breakdown  
Take a swing over the pit of hell

I shut up for social conventions  
But if you insist  
No, I'm not ok

It is aching  
It's hurting  
It's sore  
My heart is bleeding like the slit of the Devil's whore

Hope is an illusion  
Another order for my army of demons to disobey  
Even my shadow has lost interest in chasing me

IT'S COMING  
IT'S COMING AGAIN  
THE AFFIRMATION OF DESTRUCTION  
ECHOES INSIDE MY HEAD  
  
AND NO MATTER WHAT I DO  
I CAN'T GET OUT OF THIS HELL  
THE PRISON CELL IN THE SULPHURY VOID  
THAT CARRIES MY NAME

The death of hope is the birth of me  
Alien phenomenon  
Spat out from the cunt of the underworld  
Mental maelstrom
