

Stare at the Sun

together PANGEA

Someone's gonna take it away
Even if you want it to stay
But I'm down anyway
that's just what I say I wish I could stare at the sun,
Death is at the center of us
Everything is change
tTurn and face the strange Someone's gonna let me out
Someone's gonna show me how
I don't know what you do
But you do it well Someone's gonna let me out
Someone's gonna show me how
I don't know what you do
But you do it well
Middle of a drink in the day
Maybe I could sleep it away
It's not a total waste
I heard about a place in the bay
I wish I could stare at the sun,
Death is at the center of us
Everything is change,
Turn and face the strange Someone's gonna let me out
Someone's gonna show me how
I don't know what you do
But you do it well Someone's gonna let me out
Someone's gonna show me how
I don't know what you do
But you do it well
I don't want to see you
I don't want to see you, see you
I don't want to see you, see you
I don't want to see you, see you, see you
Again Someone's gonna let me out
Someone's gonna show me how
I don't know what you do
But you do it well Someone's gonna let me out
Someone's gonna show me how
I don't know what you do
But you do it well
