Kody

Matchbox 20

Kody sat down on the avenue
He tapped his feet
To the humming of the highway
He watched the light shine down on the broken glass
And thought
Well, I don't got no reasons, yet
And there it is and there it was
Now it was clear to all of us
We kept this hat of broken dreams
And we pulled them out and when we needed them around
So please hand me the bottle
I think I'm lonely now
And please give me direction
I think the hurt set in
And I don't feel nothing here
There's a squeak hinge down on the back gate
It lets us know who if he comes around
But I don't sleep that good anyway
And if you've never heard that silence
It's a God awful sound
So please hand me the bottle
I think I'm lonely now

And please give me direction
I think I just caved in
And I don't feel nothing here, here
And I don't feel nothing
And I don't feel nothing
There's nothing to feel good about here, yeah
And don't much get down out to the avenue
Well, I could drive, but it takes so much to get there
Don't get off all now the broken glass, the Cadillac scene
Well, I've seen a lot of good things die and I'm
In an over emotional way
So please hand me the bottle
I think I'm lonely now
And please give me direction
I think the hurt set in, yeah
Well, please hand me the bottle

Well, I think I'm lonely now
I'm lonely now, I'm lonely now, hold me now
Hold me now and please give me direction
I think I just caved in, but it ain't nothing
