Lier in the Mean World

Sexy Sadie

She can leave you without telling you
that she 's the queen of heroes
She won the Lier In The Meanworld
in the higher season
You don' t have to call her 'cause
something calls you to go.
I know and I' m sorry
I would if I could, But I' m in a hurry
I saw you in a cloud it was the first time
I knew you
I tried to kiss your forehead but someone
woke me up
