Junkie

Geyser

Hi everyone, my name is Carla
Everyone, let's welcome Carla
I'm here because
Well, I didn't know what else to do and
This is it, I'm, I'm strong now
Hello everybody, my name is Kelis
(Hi Kelis)
The reason that I'm here
Is my problem got severe
My body would get sweaty
Whenever he came near
I haven't even hooked an entire year
I've got the fever
I'm a junkie, a junkie for your love
I'm a junkie, a junkie for your love
I'm a junkie, a junkie for your love
I'm a junkie, a junkie for your love
And I can't do my job right
'Cause this interferes
And I just want my life back
I wanna see shit clear

I was strung out for real
Since the first time we hung out
I never met a guy that was even
Half as fly, I've got the fever
I'm a junkie, a junkie for your love
I'm a junkie, a junkie for your love
I'm a junkie, a junkie for your love
I'm a junkie, a junkie for your love
All my relatives and neighbors
Would not get out my ear
I would tell them he was cool
He just didn't need no beer
I was high and stupid, yeah, I was in denial
And every time he smiled at me
My mouth would just go dry, I've got the fever
I'm a junkie, a junkie for your love
I'm a junkie, a junkie for your love

I'm a junkie, a junkie for your love
I'm a junkie, a junkie for your love
