Hold Her Tight (Remastered)

Titiyo

He feels emotions flow
The sun is rising slow
And makes her blue eyes glow
He just wants her to knowThings around him have been a mess
She cured his sickness
And I guess what he feels now
Scares her somehowBut I know she'll be all right
If he could shut up tonight
And just hold her tightThis is a place for ends
Where it all begins again
And what he's about to say
Scares her in a way
