

A Day

Clan of Xymox

Where are you
When I am needing you
So far away
So far away
I think you're the most important
To me, To me
Where are you?
So far away
It makes no sense
It makes no sense at all
Ha
Where are you? Ha
Ha
Where are you
So far away
I think you're the most important
To me, To me
My sunken footsteps put their selves on
Through this gallery of deceased
I think their lives must be deceived
Like the sham nowadays
Nowadays
Nowadays
Nowadays
Nowadays
Where are you
So far away
For Just One Day
Just One Day
Just One Day
It makes no sense at all
It makes no sense at all
Just One Day
In Just One Day
In Just One Day
In Just One Day
In Just One Day
