Wake Up Call

Justin Tyler

This is your wake up call
Young hearts be free
Get up, get on, get out about and shout it
Tell 'em all you're dressed and on your way
Oh there's absolutely no doubt about it
This is your wake up call
You're gonna miss it all
Am I the only one out there that's listening?
'Cause it's such a lovely noise that I can hear
Eyes are opening up to all around them
This is their wake up call
They're gonna miss it all
Can you feel what's happening here?
Everything is changing all around you
It's in the air, electricity
Everybody, yes everybody's waking up
Good morning to you
You're not the only one out there who's running
But the man who's sitting next to you's asleep
So pick him up and shake him till he hears you
This is his wake up call
He's gonna miss it all
Can you feel what's happening here?
Everything is changing all around you
It's in the air, electricity
Everybody, yes everybody's waking up
Good morning to you

Those who've done all they can do sleep easy
Those that turn away, they sleep alone
But there's no doubt about it absolutely
Yes, this is your wake up call
You're gonna miss it all
This is your wake up call
I'm talkin' to you
This is your wake up call
You're gonna miss it all
This is your wake up call
You're gonna miss it all

You're gonna miss it
You're gonna miss it all
You're gonna miss it all
I'm talkin' to you
You're gonna miss it all
This is your wake up call
You're gonna miss it all
This is your wake up call
I'm talkin' to you, yeah
This is your wake up call
Yes I am, you're right
This is your wake up call
You and me, we're gonna miss it all
We're gonna miss it
We're gonna miss it all
We're gonna miss it
