

# Everything You Do

## Christian Bautista

Hey I, I love the way you smile when I look in your eyes  
I love the way you laugh when I try to be funny  
And how the tears roll down your face  
When I say no one could ever take your place 'Cause baby when you sleep, I watch you breathing  
And baby when you dream, I dream with you  
'Cause everywhere you are is where I wanna be, it's true  
Everything you do makes me know how much I love you The way you touch my lips right after every kiss  
And softly whisper that I'm your everything  
The way you pray our love won't die  
Every night just before you close your eyes 'Cause baby when you sleep, I watch you breathing  
And baby when you dream, I dream with you  
'Cause everywhere you are is where I wanna be, it's true  
Everything you do makes me know how much I love you And I believe some things are meant to be  
As sure as there is love, yours is meant for me Baby when you sleep I watch you breathing  
(I believe when I see you in my dreams, it's in everything)  
And baby when you dream I dream with you  
(I believe when I see you in my dreams, it's in everything)  
'Cause everywhere you are is where I wanna be  
(Oh it's true everything you do makes me know how much I love you)
