

# Hot Dog

## Martini Ranch

(I can't talk right now  
I got the wife and the kid  
In the car with the poodle...  
I hate that damn dog)  
    Sit, now beg  
    Sit, now beg  
    Scratch 'n sniff  
    Scratch 'n sniff  
Knick knack paddy whack  
    Give a dog a bone  
    Bury it, hot dog  
Knick knack paddy whack  
    Give a dog a bone  
Bury it, now get on home  
    Stay, come  
    Stay, come  
Knick knack paddy whack  
    Give a dog a bone  
    Bury it, hot dog  
Knick knack paddy whack  
    Give a dog a bone  
Bury it, now get on home  
    (Hot dog) (Allright)  
    (Lox for everyone)  
    (Thank you)  
Knick knack paddy whack  
    Give a dog a bone  
    Bury it, hot dog  
Knick knack paddy whack  
    Give a dog a bone  
Bury it, now get on home
