

# Love Lots of Lovin' (with Betty Harris)

## Lee Dorsey & Betty Harris

Love lots of lovin'  
Love lots of lovin', ooh yeah If you could see inside my soul  
You'd see love lots of lovin'  
You see a love that will never grow old  
You'd see love lots of lovin' This whole world is a better place to live  
When the one you love in return does give you Love lots of lovin'  
Love lots of lovin' Sometimes it gets rough and I don't mean maybe  
Don't worry 'bout nothin' stickin' with me, baby  
Love lots of lovin' You know what I mean  
Come on, give it to me  
I need a love lots of lovin', ooh yeah  
Love lots of lovin', love lots of lovin' I wake up in mornin' with you on my mind  
I gotta see you come rain or shine  
Listen to me, I need you bad  
And I will never leave you baby There's a feelin' deep inside me  
And it's all for you and it will always be Love lots of lovin' You move me, baby  
You move me  
You're so groovy Love lots of lovin'  
Love lots of lovin' Well, every little bit of thing I do, yeah baby  
I'm just tryin' to get closer to you  
Holy cow, what you doin', child?  
You got the kind of love that drives me wild  
If you could see inside my soul  
You'd see love lots of lovin'  
You see a love that will never run cold  
You'd see love lots of lovin' This whole world is a better place to live  
When the one you love in return does give you Love lots of lovin'  
Love lots of lovin'  
Love lots of lovin'
