

# Me U & Hennessy

## Dej Loaf

[Verse 1: Dej Loaf]

Can we stay home tonight?  
Try something new tonight?  
This drink got me feelin' right  
I'm 'bout to lose my mind  
U, Me, & Hennessy, look what you did to me  
Fuckin' so crazy, you twirlin' and spinnin' me  
My head keep on spinnin', my legs keep on shakin'  
But my head keep on spinnin'  
I'm out of my mind lets keep on sippin'  
Let's make some babies, and make it official  
I feel you inside, no better feelin'  
I throw it back, and you catch my driftin'  
You shiftin' inside, you got me screamin'  
You got me, yellin' out yo name oooh I need you  
You kiss on my thighs, and then you eat it  
Pause for a minute, then I let you beat it  
I lovin' this ride, smooth like a beamer  
Smooth like that henny, this what happens when we drinkin'  
I'm not going to lie, you got me speechless  
Got 69, more than 25 reasons[Pre-Hook: Dej Loaf]  
Me, Hennessy and you, me, Hennessy and you  
Me, Hennessy and you, me, Hennessy and you[Hook: Dej Loaf]  
You, me and Hennessy, look what you did to me  
I say my head keep on spinnin'  
Me, Hennessy and you  
Aye, this what happens when we drinkin'  
Me, Hennessy and you, me, Hennessy and you[Bridge: Lil Wayne]  
Thank you, couple candles  
No TV's reporting bad news, it's just me and Hennessy and you  
Some fast food, 'bout to act a damn fool in your brand new  
Your brand new[Verse 2: Lil Wayne]  
Can we stay home tonight?  
Try something new tonight?  
Don't wear your thong tonight  
No Trojan on tonight  
Oh Lord I usually don't do this  
But I'm a go and get the quarter goin'  
Ignore the phone and the car alarm

Hold up, I'm 'bout to cum, no, false alarm  
Makeup off, no weed, glasses off  
Codeine, Adderall, it's a pussy marathon  
Girl you don't love me, you just love my doggystyle  
Put this dick up in your mouth while you're talkin'  
Like what you talkin' 'bout?  
Yeah cause you've been talkin', no more talkin'  
While I make us a drink, and I don't drink  
So when you're not lookin' I pour some out in the sink  
Babe, I guess chemistry is true  
But I don't know if it's the Hennessy or you  
I heard you eat pussy too and I'm feelin' that  
I hope your girlfriend feelin' me too  
I'ma fuck her real good right next to you  
Then look at you like it's finna be you  
Me, Hennessy and you, and you[Bridge: Lil Wayne]  
Couple candles  
No TV's reporting bad news, it's just me and Hennessy and you  
Some fast food, and u gon act a damn fool on this good wood  
This bamboo  
MULA![Hook]
