

Stilts And The Titanic

Brie Larson

I don't think much about it.
All I do is live on stilts so I don't fall down.
Yeah yeah yeah yeah.
My life vest
Won't help you past the test
of love and regret.
In higher status.
You say that I predict
if this were the Titanic
you'd escape
and I'd go down with the ship.
You don't believe that do you?
Let's just live it up on stilts so we don't fall down.
Yeah yeah yeah yeah.
My life vest
Won't help you past the test
of love and regret.
In higher status.
You say that I predict.
If this were the Titanic

you'd escape
and I'd go down with the ship.
I won't accept my fate yet.
All I do is live on stilts so I don't fall down.
Yeah yeah yeah yeah.
My life vest
Won't help you past the test
of love and regret.
In higher status.
You say that I predict.
If this were the Titanic
you'd escape
and I'd go down with the ship.
My life vest
Won't help you past the test
of love and regret.
In higher status.
You say that I predict

If this were the Titanic
you'd escape
and I'd go down with the ship.
